This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

THE present Volume is a continuation of the Calendar to the Wills proved in the Prerogative and Exchequer Courts of York, being an Index to the Registers of Wills now in the District Probate Registry, numbered from 9 to 13, inclusive, covering the years from 1514 to 1553, to all the Administration Acts, in the Act Books, for the same period, and to all the Probate Acts, from 1514 to 1521, which are to be found in the Act Books, but not in the Registers. Altogether the Volume contains upwards of 14,000 references, 12,000 of which are to the contents of the Registers, and the remainder to the contents of the Act Books. The latter will be found printed separately in Appendix I. The writer is responsible for the Index to the Registers numbered 9 to 12, and to the Act Books for the same period; while Registers 12*a* and 13, the latter a huge volume containing 5,000 wills, with the corresponding Act Books, have been carefully indexed by Mr. A. Gibbons, of Lincoln, who has taken up the work where the writer left off, and it is hoped that he will continue to supply the subscribers with a Volume of Index annually.

With this Volume we have reached a period when the Act Books become a great assistance to the indexer, often supplying him with the residence of the testator when not given in the will, and the date of probate when not entered in the Register; and also, in some instances, enabling him to correct discrepancies when the date of probate, as given in the Registers, is *anterior* to the date of the will; this error occurs very frequently, and it is much to be regretted that there are no means, in many instances, of correcting it. Where additions and corrections have been made the information was obtained from the Act Books.

Bound up with the Act Book of the Deanery of Harthill for the years 1558 to 1565, Mr. Gibbons found twenty-two folios belonging to the earliest Act Book, containing the Probate and Administration Acts of that Deanery, from March 1, 1502, to January 8, 1505, which enables the Editor to add fifty-eight Acts to Appendix I., Vol. VI. of this Series, and also to supply a few missing dates of probate to the same Volume. These, with some other corrections, follow in Appendix II. of this Volume.

As in the previous Volume, the references to the "Testamenta Eboracensia" of the Surtees Society are here given, but it is to be regretted that they are so few in number, for the last Volume of that valuable Series does not take us further than A.D. 1534.

With regard to the Registers, it is satisfactory to be able to say that those under consideration are much more perfect than the earlier ones. There is some little confusion in the last three or four folios of Register XI., and here one folio is missing, if not more; and in Register XIII. the folios from 551 to 568 have disappeared. It is a matter of considerable congratulation that owing to the representations of Mr. A. H. Hudson, the District Registrar, a reformation has been worked in the Registry, and that the contents of the Registers and Act Books have been rendered secure by repairing or rebinding such volumes as stood in need of it, therefore with ordinary care they may now be expected to last for some generations to come. While speaking of the Registers it may be mentioned here, that the following interesting note is to be found at the foot of folio 306 of Vol. XI., "*Istud latus scriptum fuit cum pena de argento facta*," shewing that as early as the year 1538 an attempt had been made to bring metal pens into use. The transcriber, however, if we may judge from the writing, seems soon to have returned to the quill, for the character of the writing changes after two or three folios had been written with the new invention.

It will naturally be supposed by those unacquainted with the York Registry that we are making rapid strides towards the accomplishment of the great work before us, whereas we are, in truth, still at its commencement. It will be observed that while our

previous Volume of Index, Vol. VI. Record Series, covers a period of 125 years, viz., from 1389 to 1514, and contains 11,200 references, this with 3,000 more extends only over 40 years; and as we go on we may expect our progress to become much slower, for we are now arriving at the will-preserving and will-making period. After the Reformation, as the property became more divided, there was a great increase in the number of Testators, and from this period also the copying of wills into Registers seems to have been more faithfully carried out. Our next Volume will not therefore, it is expected, carry our Calendar further than 1570, that is, a period of seventeen years, indeed it is much to be doubted if we shall reach within two or three years of that date.

Nothing remains now for me than to thank the District Registrar, Mr. A. H. Hudson, for his courtesy and his kind assistance whenever occasion required it, and I must not forget to acknowledge the ready and cheerful manner in which Mr. John Dickons and Mr. Prince of the Probate Registry always came to my aid, and to thank them accordingly.

WILLS IN THE YORK REGISTRY.

A.D. 1514 TO 1553.

The date of the Probate precedes the Name and that of the Will follows the Name, the reference to the Register and folio following the latter. The letter *s.* before the Name signifies that an abstract of the Will is to be found in the Surtees Society's "Testamenta Eboracensia," and the abbreviations "Test. Ebor., S.S.," in the foot-notes refer to the same work. The term "Prob. Act" signifies that there is no Will existing, but only the Probate Act; "Adm." in like manner means that there is no Will but an Administration Act. The Act Books have been freely used in making corrections and supplying deficiencies.

The Parish Register of Edwinstow

IN THE COUNTY OF NOTTINGHAM,

1634—1758.

Edited by GEORGE W. MARSHALL, LL.D.

WITH NUMEROUS EXTRACTS FROM THE SAID REGISTER, FROM 1758—1891, BY

CECIL G. SAVILE FOLJAMBE, Esq., M.P., F.S.A.

THE Parish of Edwinstow is so extensive that its Register cannot fail to contain many entries of great value to the Historian and Genealogist interested in Nottinghamshire Families. The dilapidated condition of the volumes it is now proposed to print, renders it absolutely necessary that they should be preserved in a permanent form without further delay. As the Mother Church of a large parish, which includes the Chapelries of Ollerton, Perlethorpe, and Carburton, and the districts of Rufford and Clipston, these books include entries of persons from Ollerton, Perlethorpe, and Carburton which would be looked for in vain in the Registers of those places. The Registers of the two last-named places, which are notable for their antiquity, being two out of the three oldest in England, have been already printed.

Besides its value to the Genealogist, the Edwinstow Register affords, from the memoranda inserted by the parish clerks, who appear to have been its writers instead of the ministers for the time being, frequent and amusing glimpses of local life, at a time when "Merrie Sherwood" was in a very primitive state, and ere the highwayman had fled from the district to make room for the van loads of Yorkshire and Lancashire excursionists, who now crowd its once lonely glades the summer through.

Among names of frequent occurrence, for the most part those of families still living in the district, are Peatfield, Tudsbury, Carlill, Vessy, Barefoot, Bellamy, Eyre, Unwin, Jepson, Salmon, More, Mellers, Pettinger, Coupe, Bulliphant, Ouldham, Paulson, Lindley, Stox, Antcliff, and many others, as well as several entries of persons from Thoresby when that seat was the home of the Earls of Kingston.

Mr. CECIL G. SAVILE FOLJAMBE, of Cockglode, M.P., F.S.A., has kindly supplemented the work by giving numerous extracts from the Registers of Baptisms, Marriages, and Burials, from 1758 to 1891, including the names of Bentinck, Boothby, Milnes, Shawe, Bristowe, Villa Real, Pocklington, Lumley, Mandevile, Cleaver, Bloom, Lineker, Gennever, Wordsworth, Chetwynd-Stapylton, Mason, Gale, Ibotson, Meyrick, Hurst, Otter, Rigley, Tahourdin, Godson, Bawdwen, Dickinson, Brett, Gordon, and very many others; and to some names he has added interesting notes. In addition to this, Mr. FOLJAMBE has given copies of all the Monumental Inscriptions remaining in the Church, and most of those in the Churchyard, upwards of 100 in number, amongst which are the names of Lumley, Tahourdin, Villa Real, Gordon, Bristowe, Bullivant, Birdsall, Bracye, Perrenee, Goslinge, Neil, Monk, Woods, Rockley, Ward, Oakes, Crump, Heays, Rigley, Torr, &c. He has also given a catalogue of the Vicars of Edwinstow.

Only a limited number of copies are printed, at 12*s.* 6*d.* each, a sum barely sufficient to cover the cost of production. Early application should therefore be made, as the price will be increased to 15*s.* to Non-Subscribers.

The Registers of Perlethorpe, in the County of Nottingham. 1528-1812. Edited by GEORGE W. MARSHALL, LL.D. Price £1 1*s.*

"This dainty volume reflects the greatest credit, not only on the editor, but on the printer. . . . The editor has written a useful preface . . . and has added in an appendix some documents illustrative of the text. There is an excellent index."—*The Athenæum.*

"The appearance of this acceptable addition to our printed parish registers is a model which might well be copied by all workers in this branch of genealogical labour."—*The Antiquary.*

The Registers of Carburton, in the County of Nottingham. 1528-1812. Edited by GEORGE W. MARSHALL, LL.D. Price 15*s.*

Rotherham Registers. Only 25 copies printed. Small 4to, Price 15*s.*
